

DOUGLAS SOCIETY DURING PAST WEEK

DR. MCGEE MARRIES MISS GLADYS EVELYN TUTTILL

he most brilliant social affair of the season was the marriage of Miss Gladys Evelyn Tuttil to Dr. Harry S. McGee, which was solemnized in the presence of a large number of friends and acquaintances at the Presbyterian church on Wednesday evening May 26th.

The church was beautifully decorated with long festoons of asparagus fern, tied with white satin ribbon, around the interior walls ending at the altar in a profusion of pink carnations, potted plants and ferns.

Miss Teresa Torpey played the wedding march, Lohengrin's selection from Wagner, as the bride party came into the church, and Mendelssohn's as they were leaving.

Promptly at 9 o'clock entered the groom dressed in the conventional black with his best man, Dr. Frederick T. Wright. Then came the ushers, Eugene C. Robinson, Dr. A. R. Hickman and L. Tuttil, followed by the maid of honor, Miss Irene Tuttil, sister of the bride, looking very attractive in a princess gown of pink silk under pink chiffon with picture hat to match and carrying gladiolus.

The bride entered leaning on the arm of her brother-in-law, Robert Rae, who gave her away. Her blond loveliness was enhanced by a white satin gown made on princess and trimmed in pearl passementerie and French knots. She carried a shower bouquet of lilies of the valley and maiden hair fern, and her veil was caught in place with some of the same flowers. The bride party was met at the church door by the officiating clergyman, Reverend George Logie, who, in a most impressive manner, read the beautiful ring service which made Dr. McGee and Miss Tuttil man and wife.

Following the ceremony an informal reception was held at the home of Mrs. Robert Rae. The scheme of pink and green was carried out in the wedding supper which followed and the table decorations were baskets of pink sweet peas and asparagus fern. Among the bridal party were Messrs. and Mesdames French, Rice, Pirtle, Logie, Miss Tinker, Messrs. Webster, Bonnell, Cuthbert, Rutherford, Le Grand, Dr. Lund. They were the recipients of a large number of handsome presents, attesting their popularity. Mrs. McGee is the daughter of Mrs. William H. Tuttil of Los Angeles and has made Douglas her home for several years, being assistant manager of the Calumet hospital. Dr. McGee had charge of the hospital during the recent trip abroad of Dr. Wright. He was former company physician for the Old Dominion, at Globe. They left Thursday to visit in a number of places of interest in the southwest before going to their future home in Seattle.

Mrs. H. J. Wright will give a dinner tomorrow night at the Country club in honor of the joint birthday of her husband and H. A. Strodtfoff.

Mr. and Mrs. M. F. Dicus entertained Mr. and Mrs. E. B. Sims, Miss Margaret Isaacs and Gene Henman at their pretty bungalow on Eleventh street last Saturday evening. Sherbet and cake were served.

Mesdames H. A. Strodtfoff and S. W. French gave a delightful picnic party at the Country club Sunday evening. It was a farewell to Mrs. J. H. Stevenson, who went east this week. Miss Tuttil and Dr. McGee, whose wedding took place Wednesday, and in honor of the return of Dr. Wright from his long trip abroad. The evening was spent in a social visit and enjoying the supper which was served on the big veranda at the club. Besides the hostesses and guests of honor there were present Messrs. and Mesdames Rice, Dixon, Ellis, Rae, Pirtle, Colley, Miss Irene Tuttil, Mr. J. A. Rae, Mrs. Wright, Tuttil, Hickman, Lund.

Mrs. C. A. Romadka was hostess at an afternoon bridge party Saturday at the Country club. There were seven tables. Mrs. Colley held the high cut score, receiving first prize, a silver bon bon basket. The players drew for the second prize. Delightful refreshments consisting of a salad and ice cream course were served at a large table decorated in baskets of sweet peas and ferns. Mrs. Romadka's guests were: Mesdames Pirtle, Adamson, Ellis, Wright, Colley, Strodtfoff, French, Stevenson, Rice, King, Simonsen, Dixon, Rae, Badger, Dugan, Cass, Butler, Thomas, Sexton, Thornton, Lewis, Misses Badger, Tuttil, Irene Tuttil, Little Jeanette Strodtfoff and Elizabeth Romadka.

The regular Afternoon Bridge club met with Mrs. W. M. Adamson Thursday. Food tea and sherbet were served. Mrs. H. B. Rice will be the next hostess and they will meet mornings during the hot months.

The band boys gave A. K. Adamson, the popular master mechanic of the Copper Queen smelter, a delightful serenade on Wednesday evening at his home near the smelter. There were about 125 present and Mr. Adamson with his ever-ready hospitality extended the "glad hand" and lots of good things to eat to everyone, and there was an endless supply of both. The boys are quoted as saying: "This is fine; let's stay a long time." Mrs. Adamson had a few of her lady friends out to enjoy this musical treat, among whom were: Mesdames Dave Robson, Chas. Hart, M. Kirchwinz, David O'Donovan, Rose Haglin.

Margaret Moson gave a party to a number of her young friends this week at her home on Fourteenth street. There were games of child hood and refreshments were served during the evening. There were present: Misses Grace Knickerbocker, Carrie and Mattie Taylor, Nona Chaplain, Eleanor and Nellie Seelye, Hazel Vestry, Hazel Struthers, Cecil Finley, Masters Joe and Randolph Curry, Frank and Allen Skeels, Don Rice, Jack Vestry, Eddie Belton, Stephen Suits, Andrew Knickerbocker, Harold Lippard.

Rev. E. W. Simonsen and family and J. P. Sexton and family will leave Monday to camp on the Turkey creek in the Chiricahua mountains.

Monday evening Miss Margaret Moson and Donald Rice arranged a surprise party for Frank and Allen Skeels at their home on Eleventh street. They enjoyed games until a late hour. Mrs. Skeels served refreshments. Those present were Margaret and Laura Moson, Carrie and Mattie Taylor, Hazel Struthers, Joe and Randolph Curry, Don Rice, Stephen Suits, Edgar Hirst.

Miss Mamie Howe entertained the Philathea class at her home on Tenth street Friday evening. They transacted the regular business of the class, after which several hours were spent socially. There were games and music. Refreshments of assorted cakes and lemonade were served. The members present were: Misses Marguerite Polser, Mary Jones, Olive Green, Rosa Hillings, Margaret Isaacs, Rebecca Elchbaum Edith Reese.

J. D. Moss and Mrs. Nora E. Ware were married last evening at the home of the bride, the Reverend A. D. Shaw of the Baptist church officiating.

DOUGLAS LOCAL HAPPENINGS

J. A. and Tom Rice came up from Mesquite today where they have been for several days. Tom has accepted a position under G. B. Lee at the smelter.

Fined Twenty Dollars. There was one man up in police court this morning on the charge of being drunk and disorderly. He was fined \$20.

Apophized Twenty Dogs. J. W. Harris, the newly appointed dog catcher, is gathering in the untamed canines at a lively rate these days. This morning he apophized twenty dogs that had not been claimed by their owners.

Will Defend Cup. The hose team is practicing every night to defend the cup at Bisbee on the Fourth. S. G. Dowell, manager of the team, goes to Bisbee tomorrow to confer with the committee in charge of races as to rules and terms.

Tie For Class Button. The four men, J. A. Drake, Eddie Fortin, Rufe Scott and J. B. Special who tied Sunday for the class button on the golf links, played nine holes yesterday afternoon and will play the last nine holes this afternoon, to decide the winner.

Bisbee Visitor. Mr. Conley, advertising man and window dresser of the Copper Queen store at Bisbee, arrived in Douglas yesterday evening, accompanying Mrs. Conley to this city on her way east where she goes for a visit. Mr. Conley returned to Bisbee this morning.

Went to Cananea. W. M. Adamson went to Cananea yesterday on business. Mr. Adamson makes quite an amount of his building material in the big Sonora copper camp and frequently goes there in connection with this business. The cement plaster manufactured by the Cement Plaster company has been a favorite with contractors in southern Arizona.

Missionary Society Meeting. The Home Mission society of the Grace M. E. church will have a social afternoon at the home of Mrs. S. C. Long, on Fifth street, Tuesday, June 15, from 3 to 6 o'clock. At this time the mile boxes will be opened for an interesting program will be rendered and refreshments served. Ladies of the church and their friends are invited.

Ex-Marshall Stambaugh Back. L. Stambaugh, formerly city marshal of Douglas, returned last evening from Pennsylvania. Since leaving Douglas Mr. Stambaugh has been in Texas in the real estate business with J. O. Martin and recently has been traveling in the east. Mr. Martin is now located at Denison, Texas. Mr. Stambaugh will only remain here a short time.

Hanning Railroad. There is nothing new to report about when work will probably be started on the grade of the new railroad which is to be built from Agua Prieta to Cananea. Mr. Hennings, who had been absent from the city for several days, returned last night, coming from Cananea. He stated that all the surveys are now complete, but was reticent as to stating the exact time when grading would probably start.

A New Building Material. In the residence being erected by A. K. Adamson on Thirteenth is being used a new material for the partitions. The building is of gypsum blocks made by the cement factory in this city, while the partitions are of gypsum stucco blocks. These blocks are four inches thick, about three feet long and one foot wide. They are set on edge and make perfectly smooth and true walls. The sides of the blocks are finished so that they will hold the plaster when applied. Besides making an absolutely fireproof building the partitions make the building soundless and safe from electricity as lightning will not penetrate these stucco blocks. The blocks are the same material as the stucco work in the Gadsden hotel.

Randolph Wants Data. B. A. Packard, who returned from Phoenix yesterday, had a talk with Col. Randolph in Tucson concerning the chances for Douglas to receive the Southern Pacific in the near future. Col. Randolph told Packard that he would like to have complete data showing the probable amount of business which his road might be expected to receive should it be built into Douglas. This data is now being secured by a committee of the chamber of commerce and mines and will be forwarded to Col. Randolph as soon as it is completed. There is some freight tonnage handled by the E. P. and S. W. railroad here than is handled by the Southern Pacific at all its stations in Arizona, but just how much of this would be diverted to the Southern Pacific is what Col. Randolph, as a good railroad man, would like to know. He should be given all possible information obtainable on this point.

WOMAN AND HOME

Bread keeps better in a wooden box than in one of tin.

A few drops of lemon juice will make cake frosting very white.

A little flour dredged over the top of a cake will keep the icing from running.

After washing lamp chimneys rub them with dry salt, which will give a brilliant polish to the glass.

There should be just as much conscience put into the dusting of a room as in managing an estate property.

To cause the whites of eggs to come to a froth quickly, a pinch of salt should be added to the eggs while beating.

Early rising means practically a whole day's work done before noon, a consideration that hot weather makes desirable.

To test the purity of coffee, pour cold water on it. If the water assumes a brownish hue, the coffee undoubtedly contains chicory.

The tender leaves and small ends of the stalks of celery should never be thrown away. If dried they are found excellent for flavoring soups.

Fingers stained by peeling juicy fruits may be quickly cleaned with strong tea, rubbed in well with a nail brush. They should then be rinsed in warm water.

An excellent furniture cream is made thus: Finely shred one ounce of ordinary beeswax, half an ounce of white wax, half an ounce of Castile soap. Mix gradually with half a pint of turpentine and half a pint of boiling kerosene.

To prevent bed sores, wash the patient's back and heels every day, and rub on, with the palm of the hand, a little methylated spirit. The heels have been compelled to remain in bed for many years, and by thus using methylated spirit have been able to avoid bed sores.

Sufferers from hay fever may, according to a German physician, often temper an attack by rubbing the ears briskly when there is the slightest indication of fullness in the nose. The rubbing should be thorough, and until the ears grow red and hot. The remedy is simple and worth a trial.

Fat in any form should never be given to the sick because it is in large globules and therefore, difficult to digest. Cream is in small globules and, therefore, easier to digest than fats. But skim milk is the best food for children and invalids. Milk given for the very sick should always be diluted.

Serains may be relieved greatly by soaking the afflicted member in hot water for half an hour at a time and then brushing it with a flannel bandage. Bruises yield to much the same treatment, though such long soaking is unnecessary. Wounds and sores may be treated by pouring hot water on them for a few minutes.

NOTICE OF HEARING PETITION. In the Probate Court of the County of Cochise, Territory of Arizona. In the matter of the estate of Robert J. Winders, deceased.

Notice is hereby given that Thomas W. E. Winders has filed in this court his petition praying for letters of administration of the estate of the above named decedent, and that the same will be heard on Saturday the 12th day of June, A. D. 1909, at 1 o'clock p. m. of said day, at the courtroom of said court, in Tombstone, county of Cochise, Territory of Arizona, and all persons interested in said estate are notified that they should appear and show cause, if any they have, why the prayer of said petitioner should not be granted.

J. E. JAMES, Clerk.

NOTICE OF SALE. Sealed bids for the purchase of the bank building and fixtures heretofore occupied and used by the First National Bank of Bisbee, Arizona, or for the bank building and the fixtures separately will be received by the national bank of Bisbee, Arizona, until 10 o'clock a. m., July 15, 1909, and then opened; and after the opening of the said bids, application will be made to the district court of Cochise county, Territory of Arizona, for an order authorizing the sale of such property to the highest bidder. Provided, however, that such bidder shall make a deposit on the date said bids are opened of fifteen hundred dollars (\$1500.00) to apply on the purchase price of the said bank building and five hundred dollars (\$500.00) to apply on the purchase price of the fixtures, and if the highest bidder fails to make such deposit on such date, the next highest bidder making such deposit will be named in the application to the district court for authority to sell the same to the bidder making such deposit.

Dated Bisbee, Arizona, June 1, 1909. Receiver of the First National Bank of Bisbee, Arizona.
